

MUSIC

Music can save me when I'm lost
cause then I get another post
You turn it on
bad feelings are gone
It can be a drug
which makes you drunk

The naughty bee

A cute little bee
Flew over a tree
There came a bird
And made a flirt

The bee took off
Up in the air
The bird was alone
But the bee didn't care

Everyday Struggle

I see the faces without hope
All day on the street selling dope
No way out, parents are crying
coz another day their childrens are dying

I see no changes, just racist faces
like the police ignoring the cases
we live in a world between poor and rich
coz they are looking away like a lil' bitch

Death Note

He got a Note

Think what he wrote.

His delusions were not fictional

To murder what is criminal.

Don't you ever try to flee,

Or you'll take an arrow to the knee.

Never fear!

The End is Near!

A negative mind

When bad things happen
keep 'em in mind
coz you don't want 'em
to hold up your life.
coz they only make you strong.

X-Mas

By the end of the day
all lights fade away
The snowflakes tumble
While the darkness crumbles
All kids are hanny
cuz they have daddy
The war is done
Yet X-mas to come

The one that got away

There are 26 letters
in the alphabet
But that's not enough
For me, I guess

'Cause no matter how
I've tried to combine
Those 26 letters
Don't fit my rhyme.

WINTER

Winter is coming,
The people are running
around the trees,
over the streets

Kids are laughing,
others are coughing

As time goes by
Winter is coming

Temptation

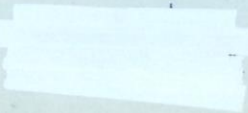

When Pizza is hot
and cheese is wet
that is the time
I get fat

Food poem by Jman and Nafkumbi

School is cool...

...not

You go to school,
Or be a fool.

You'll meet some guys,
wich may be  nice.
